

*AN AMERICAN FABRIC*  
**Carriage Agreement**

A special free one-hour program featuring Americans describing their lives and what it means to them to be American.

From a park ranger in Harpers Ferry, West Virginia to a Las Vegas showgirl, to a Mormon rancher in Freedom, Wyoming, we hear the voices of working Americans talking about their patriotic spirit, as well as their fears, about being American citizens.

Music and brief narration by award-winning WJFF writer/producer Ron Bernthal, brings this audio postcard of The American Fabric into focus.
